Demonstrations + guided practice + simple practical assessments

Course lengths are programme durations. Confirm teaching hours, venue and fees with our team before enrolling.

4 WEEKS

Childcare Course

Learn to care for children with patience, confidence and safe daily routines.

WHAT YOU WILL LEARN

01 **Understanding Children**
Daily routines, age groups and children's needs.

02 **Everyday Care**
Feeding, bathing, nappy changing and hygiene.

03 **Play and Learning**
Stories, games and age-appropriate activities.

04 **Safety and Communication**
Safe supervision, responding to emergencies and reporting to parents.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

2 WEEKS

Household Management Course

Build the everyday skills to keep a household clean, organised and running smoothly.

WHAT YOU WILL LEARN

01 **Planning the Home Routine**
Daily tasks, cleaning schedules and time management.

02 **Cleaning and Organisation**
Room-by-room cleaning and keeping cupboards tidy.

03 **Laundry Care**
Sorting, washing, ironing and storing clothes.

04 **Working Professionally**
Following instructions, respecting privacy and communicating with employers.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

2 WEEKS

Office Cleaning Course

Learn reliable cleaning routines for professional, hygienic workplaces.

WHAT YOU WILL LEARN

01 **Cleaning Basics**
Equipment, products and safe handling.

02 **Workstations and Shared Spaces**
Desks, meeting rooms and reception areas.

03 **Kitchens and Washrooms**
Hygiene, waste disposal and preventing cross-contamination.

04 **Cleaning Routines**
Following a checklist and checking completed work.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

4 WEEKS

Solar Panel Cleaning Course

Learn careful cleaning methods and the safety checks needed before starting work.

WHAT YOU WILL LEARN

01 **Knowing the Equipment**
Identifying panels, cleaning tools and suitable products.

02 **Safety Before Cleaning**
Recognising electrical and access hazards and knowing when to stop.

03 **Cleaning Methods**
Removing dirt carefully using manufacturer-approved methods.

04 **Practical Cleaning Routine**
Preparing the area, cleaning accessible training panels and reporting visible damage.

Ground-level practice first. Roof access and electrical work require separate competence and supervision.

2 WEEKS

Carpet Cleaning Course

Develop practical carpet care skills, from preparation to the final clean.

WHAT YOU WILL LEARN

01 **Carpet Care Basics**
Common carpet types and checking care instructions.

02 **Preparing to Clean**
Inspecting carpets, vacuuming and testing products.

03 **Stains and Deep Cleaning**
Treating common marks and using cleaning equipment.

04 **Drying and Final Checks**
Safe drying, checking results and cleaning equipment.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

8 WEEKS

Basic Plumbing Skills - Level 1

Get started with plumbing tools, fittings and simple supervised maintenance tasks.

WHAT YOU WILL LEARN

01 **Tools and Safety**
Identifying tools and shutting off the water supply.

02 **Pipes and Fittings**
Measuring, cutting and joining basic practice pipes.

03 **Taps and Simple Leaks**
Replacing washers and identifying common leaks.

04 **Sinks and Toilets**
Understanding traps, cisterns and basic maintenance.

05 **Practical Repairs**
Completing simple supervised tasks and checking for leaks.

Practical tasks are supervised. Confirm entry requirements and the scope of training before enrolling.

8 WEEKS

Intermediate Plumbing Skills - Level 2

Build on basic plumbing skills with fault finding and supervised repair practice.

WHAT YOU WILL LEARN

01 **Refreshing Basic Skills**
Reviewing tools, fittings and safe working.

02 **Finding Problems**
Checking leaks, slow drainage and flushing faults.

03 **Repairing Components**
Replacing suitable tap and toilet components.

04 **Pipework Practice**
Assembling and repairing more involved practice pipe layouts.

05 **Completing a Repair**
Testing, cleaning up and explaining the work completed.

Practical tasks are supervised. Confirm entry requirements and the scope of training before enrolling.

8 WEEKS

Basic Carpentry & Handyman Skills

Learn useful tool skills for simple woodwork, fittings and household repairs.

WHAT YOU WILL LEARN

01 **Tools and Safety**
Using hand tools and basic power tools safely.

02 **Measuring and Preparing**
Marking, cutting and sanding.

03 **Fixings and Fittings**
Choosing screws, brackets and suitable wall fixings.

04 **Household Repairs**
Adjusting hinges, handles and cupboard doors.

05 **Practical Project**
Building a simple item or fitting a shelf in a supervised training area.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

1 WEEK

Packing, Unpacking, Packaging & Shelving

Learn to protect, label and organise items for moving and storage.

WHAT YOU WILL LEARN

01 **Preparing Items**
Sorting belongings and choosing packing materials.

02 **Packing Safely**
Wrapping fragile items and avoiding overloaded boxes.

03 **Labelling and Recording**
Labelling boxes and keeping a simple item list.

04 **Unpacking and Storage**
Safe lifting, organising shelves and keeping walkways clear.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

4 WEEKS

Basic Gardening Skills Course

Develop the practical skills to maintain neat lawns and healthy garden spaces.

WHAT YOU WILL LEARN

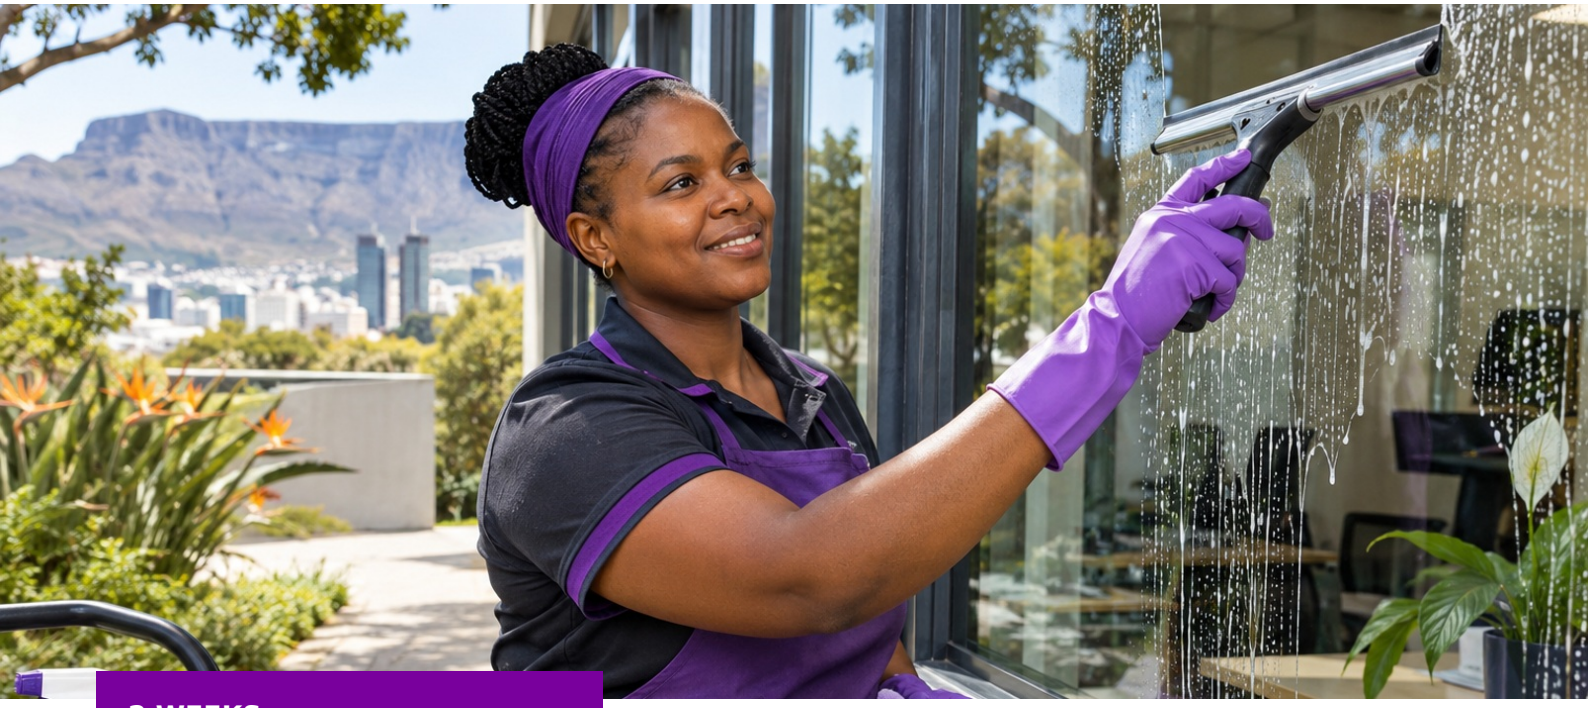

01 **Garden Tools and Safety**
Choosing, using and caring for tools.

02 **Lawn Care**
Mowing, edging and tidying.

03 **Plants and Garden Beds**
Planting, watering, weeding and basic trimming.

04 **Garden Maintenance**
Following a weekly routine and handling garden waste.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

2 WEEKS

Window Cleaning - Homes & Offices

Learn a clear routine for clean glass, tidy frames and a streak-free finish.

WHAT YOU WILL LEARN

01 **Equipment and Preparation**
Cloths, squeegees, suitable products and protecting nearby surfaces.

02 **Glass Cleaning**
Washing and removing water without streaks.

03 **Frames and Tracks**
Cleaning edges, frames and window tracks.

04 **Safe Practical Work**
Cleaning accessible windows and checking the finish.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

2 WEEKS

Bathroom Deep Cleaning Course

Build a thorough bathroom cleaning routine with hygiene and safe product handling.

WHAT YOU WILL LEARN

01 **Hygiene and Product Safety**
Protective equipment, ventilation and safe product use.

02 **Toilets and Basins**
Cleaning and disinfecting with separate tools.

03 **Showers, Baths and Tiles**
Removing soap build-up and cleaning grout.

04 **Full Bathroom Routine**
Following a checklist, drying surfaces and checking results.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

2 DAYS | R1,400

Culinary & Baking Essentials

Gain confidence preparing simple meals and everyday baked favourites.

WHAT YOU WILL LEARN

01 **Kitchen Safety and Hygiene**
Handwashing, food storage and safe preparation.

02 **Basic Cooking**
Preparing simple meals and controlling portions.

03 **Basic Baking**
Measuring ingredients and following an easy recipe.

04 **Serving and Cleaning**
Presenting food and leaving the kitchen clean.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

1 DAY | R1,000

Smart Homes Operating & Homework Support

Build digital confidence for connected homes and everyday homework support.

WHAT YOU WILL LEARN

01 **Everyday Digital Skills**
Using phones, tablets, Wi-Fi and household apps.

02 **Smart Home Basics**
Following instructions for connected lights, appliances and other devices.

03 **Homework Support**
Setting up a quiet space, following school instructions and encouraging independent learning.

04 **Privacy and Online Safety**
Protecting passwords, supervising device use and reporting concerns.

LEARNING METHOD Demonstration, guided practice and a short practical assessment.

Your next step starts here.

01 Choose your course

Choose the skill you want to develop. Contact our team to discuss the course, entry requirements and available dates.

02 Confirm your place

Confirm fees, teaching days, hours and venue before enrolment. Register at least 30 days before your confirmed course start.

03 Learn through practice

Watch demonstrations, practise with guidance and complete a short practical assessment using a checklist and simple questions.

Training and certification

We work with third-party institutions, accredited trainers and specialist experts. Certification is provided on successful completion of course requirements. The team confirms the provider, certificate and requirements before enrolment.

Practical experience

Eligible learners may access a two-month practical internship within Mighty Brands, subject to available placements. Interns are paid per job attended; jobs and earnings are not guaranteed.

Funding support

Funding support is subject to review and availability. Select funding support on the registration form, explain your circumstances and optionally provide supporting evidence.
